NEW HOPE FERTILITY CLINIC

Debtor. :

DECLARATION PURSUANT TO LOCAL RULE 1007-2

Dr. John Zhang, sole shareholder of Zhang Medical P.C., doing business as New Hope Fertility Clinic ("Debtor"), the above-captioned debtor and debtor in possession, hereby swears as follows:

A. History of the Debtor's Business

1. I am a medical doctor with a specialty in reproductive medicine. I received my medical degree from Zhejiang University School of Medicine in China and completed my residency in Obstetrics and Gynecology at the New York Hospital-Cornell Medical Center. I hold a PhD in Molecular Biology from the University of Cambridge in the United Kingdom and completed a fellowship in Reproductive Endocrinology and Infertility at the Center for Reproductive Medicine and Infertility at the New York Hospital-Cornell Medical Center. I also completed advanced training in Assisted Reproductive Technologies (ART) at the Jones Institute

for Reproductive Medicine at Eastern Virginia Medical School.

- 2. I have dedicated my life to assisting families facing infertility. I hold several patents related to fertility treatment and technology, including patents for methods of performing in vitro fertilization ("IVF"), systems for culturing embryos, and devices for retrieving oocytes (eggs) from the ovaries. One of the techniques I pioneered is known as Mini-IVF or Minimal Stimulation IVF. This method of IVF uses fewer drugs and is less invasive than traditional IVF. Mini-IVF involves using low doses of fertility drugs to stimulate the ovaries and retrieve a small number of high-quality eggs. Because Mini-IVF is streamlined, the cost for treatment is significantly less than the cost for traditional IVF. The process is also less physically taxing on our patients.
- 3. I formed the Debtor, a New York Sub-Chapter S in 2001. The Debtor leased two floors of Four Columbus Circle in Manhattan and commenced operating a full-service fertility clinic. The clinic maintains a team of highly trained specialists and offers a comprehensive range of fertility services, including egg freezing, preimplantation genetic testing, and fertility preservation for cancer patients. It also provides treatment for complex cases of infertility, such as recurrent pregnancy loss, male factor infertility, and diminished ovarian reserves.

B. The Debtor's Lease

4. The Debtor entered into a lease with GLL BVK Columbus Circle LLS (the "Landlord") that has subsequently been amended and modified (the "Lease"). The Debtor's prior lease originally provided that that the Debtor would occupy the third and fourth floors of Four Columbus Circle. In 2018, the Landlord approached the Debtor and stated that unless the Debtor leased the second and fifth floors, the Landlord would be forced to lease the entire building to another entity. During negotiations, it was contemplated that the Debtor would sub-

lease the two additional floors: the Debtor did not require this additional space. Under the Lease, the Debtor's approximate monthly fixed rent obligation to the Landlord is One Hundred Thousand Dollars (\$100,000.00) per floor. The Debtor agreed to the Landlord's request and entered into the Lease. The Lease expires in 2035.

- 5. The cessation of business that resulted from COVID significantly affected the Debtor's business and revenue during that time and its ability to meet its obligations under the Lease. Moreover, with the glut in commercial space in Manhattan and the reduction in market rates for commercial space, the Debtor has been unable to sublet the two empty floors. One of the floors was a former showroom, with little to no enclosed office space, and it can not be rented without a complete build-out. The Lease requires the Debtor to pay for the build-out of this floor, and subsequently seek reimbursement from the Landlord for the cost. The Debtor commenced the build-out but did not have the revenue to complete the project. The contractor that commenced the build-out for this work, Skyland Development Corp., ceased rendering services to the Debtor and filed a mechanic's lien against the building.
- 6. The Debtor made numerous attempts to surrender the empty floors and negotiate a resolution with the Landlord but was unable to do so. The Debtor was forced to stop meeting its rental obligations to the Landlord last year. The Landlord filed a Summons and Complaint against the Debtor on April 18, 2023, in the New York Supreme Court, New York County, that includes claims for breach of contract and specific performance. The complaint seeks a judgment for \$3,046,893.04, with interest, for breach of the Lease, an award of unspecified attorney's fees and disbursements, and requests that the Debtor replenish its security deposit.

C. The Debtor's Current Operations

7. The Debtor is fully operational and hopes to expand its business once it can

resolve the Landlord's claim and the claims of other creditors. One of the benefits of the business cessation that occurred during COVID was my discovery that the Debtor could render Mini-IVF services virtually and complete the process with one office visit. As a result, the Debtor began to attract patients from other states. I estimate that thirty percent of the Debtor's revenue is presently generated from services rendered virtually and I expect this number to increase. Once the Debtor's business is stabilized, the Debtor intends to market to patients nationally.

8. The Debtor has approximately 88 employees that include doctors, nurse practitioners, lab technicians, other medical personnel, and administrative and support staff. In addition to myself, the Debtor's senior management team consists of a Chief Executive Officer and a Chief Financial Officer. The Debtor has an array of medical and laboratory equipment and stores over forty-thousand embryos in its clinic. The Debtor has no lien or restriction on its use of cash and no secured debt. It has an unpaid tax obligation to the City of New York that has not been assessed and the amount due is unknown. I do not believe it has any other unpaid priority or tax debt and I believe all of the other claims asserted against it consist of unsecured debt. Simply stated, the Debtor has a robust practice that has changed the lives of many families but it can not sustain its business with the economic drain caused by its obligations under the Lease. If the Debtor is unable to rid itself of the unused floors, it will be forced to reject the Lease and relocate to a more affordable space.

D. <u>Local Rule 1007-2 Information Request</u>

- 9. The Debtor has never filed a bankruptcy case and there has not been a trustee appointed previously in any case.
 - 10. No committee of creditors was appointed prior to the bankruptcy filing so there

are no committee members or professionals previously appointed for the Debtor.

- 11. To the extent I have this information available at this time, I have set forth in Exhibit A the list of the names, addresses, telephone numbers, person(s) familiar with the Debtor's account, amount of the claim, and whether the claim is contingent, unliquidated, disputed, or partially secured of the Debtor's 20 largest non-insider unsecured creditors.
- 12. To the extent I have this information available at this time, I have set forth in Exhibit A the list of the names, addresses, telephone numbers, person(s) familiar with the Debtor's account, amount of the claim, and whether the claim is contingent, unliquidated, disputed, or partially secured of the debtor's five largest secured creditors.
- 13. To the best of my ability, I have set forth a summary of my estimate of the Debtor's assets and liabilities in Exhibit A. I have not obtained an independent valuation of the Debtor's assets and the amounts listed may be subject to amendment.
 - 14. The Debtor does not have any stock that is publicly held or traded.
- 15. As set forth above, the Debtor operates from 4 Columbus Circle in Manhattan. Its assets, books and records are located in this location. The Debtor does not own any assets located outside of the United States.
 - 16. The lawsuits pending against the Debtor are set forth in Exhibit A.
- 17. In addition to myself, the Debtor's management team consists of its Chief
 Financial Officer, Adnan Tahirovic and Chief Executive Officer Chloe Cai. Mr. Tahirovic has
 been employed by the Debtor for approximately one year. He is a healthcare executive with 16
 years of healthcare experience in the areas of Senior Living, Memory Care, Skilled Nursing and
 Fertility services. He holds a Bachelors Degree and a M.B.A. from the University of
 Connecticut. Ms. Cai is a Fertility industry veteran and entrepreneur with over 10 years of senior

level management experience. She oversees finances, operations and marketing at New Hope

Fertility Center and has been with the Debtor for close to nine years.

18. The Debtor does not have any property in the possession or custody of any

custodian, public officer, mortgagee, pledgee, assignee of rents or secured creditor, or agent for

any such entity.

19. The Debtor intends to continue to operate its business. The estimated amount to

be paid for weekly to employees, excluding officers, directors, stockholders, and partners, for the

30 day period following the filing of the bankruptcy petition is set forth in Exhibit A. The

amount to be paid to officers, directors, and shareholders for the same period is also set forth in

Exhibit A. Finally, Exhibit A contains an estimate of cash receipts and disbursements, net cash

gain or loss, obligations and receivables expected to accrue but remain unpaid for the next 30

days is also set forth in Exhibit A.

I declare under the penalty of perjury that the foregoing is accurate and true to the best of

my knowledge.
